

NATURAL STONE

PRODUCT PROFILES & INFORMATION

When you are looking for a natural stone veneer, thin brick or natural stone hardscapes, Union Station Stone is the brand for you! See this brand of products and more at our LEE Building Products location in Antioch, TN on Old Hickory Blvd.

Our specialty is cutting natural stone in full bed depth as well as in a thin veneer. We cut our natural stone as well as brick on site and can customize any project. The possibilities are endless with all of our natural stone or brick mixes.

We manufacture, supply and stock a wide variety of natural stone, brick, pavers, retaining walls, fireplaces, firepits, accessories and more to the Nashville, TN and surrounding area. Our location is open to all customers, homeowners, contractors and designers. Stop on by to check out everything we can offer!

Project Ideas:

- Exterior Embellishments for Residential or Commercial Buildings
- Indoor or Outdoor Fireplaces
- Backsplashes
- Water Features like Fountains or Pool Areas
- Signage
- Hardscapes

All Natural Stone Profiles available in Full Bed Depth (natural full piece) or Veneer (thinner cut from natural full piece). Actual product may vary. We recommend reviewing product samples before making final color selections.
